June 2020

"CCNB's High Performance Committee led by Sebastien Duke had a "transitional year" as there was no Provincial Coach for 2019/2020, and thus no provincial team "plan" to support training and competition activities. The HPC committee decided in November/December to put together an interim plan, which included hosting one "on snow" camp, and to request a "lead volunteer" to organize and coach out of province competitions. Wostawea hosted a provincial training camp early in January, at Killarney Lake Park. Kevin Heppell offered to be lead coach for the Eastern Championships held in Sherbrooke Quebec, supported by Andrew McNair and Janic Bernard as waxers. Eric Luiker offered to be lead coach for the Midget Championships (supported by Jacques Haché) held in Joliette Quebec. In addition, the HPC, led by Linda Leclair's long time experience in the group, updated and revised trip and team selection criteria for the current and upcoming season. The 2020/2021 Provincial Team was selected based on these criteria. The Pandemic has put a delay in initiating a plan for the 2020/2021 season.

Action items for the upcoming season include: 1. Review of HPC mandate, 2. Need to define lead role for Provincial Team – should it remain as coach or consider some one to co-ordinate activities."

Eric Luiker
Member of the High Performance Committee
